---

Regarding your decision to increase melvindale water rates. This is such a small community. I hate to throw another neighboring community under the bus, but if you're looking to increase revenue I would think it would be in your best interest if you chose one with more residents. We are a low to middle income community and already have one of the highest rates. I'm sorry but I don't get it. Please reconsider raising our already high rates and make it compatible to other communities with more residents who are paying cheaper rates. Thank you for your time.

Sincerely,  
Mr. and Mrs. Arthur Rodgers
