RE: **Proposed Amendment No. 2**
Contract No. GLWA-CS-300
Financial Automation Solution Services

Vendor: Tagetik North America, LLC

MOTION

Upon recommendation of Jeffrey E. Small, Chief Information Officer, the Board of Directors (Board) of the Great Lakes Water Authority (GLWA), authorizes the Interim Chief Executive Officer (ICEO) to **enter into Contract No. GLWA-CS-300, Proposed Amendment No. 2, “Financial Automation Solution Services” with Tagetik North America, LLC, at an increased cost of \$388,367.55 for a total cost not to exceed \$1,180,371.77 and for an increased duration of three years for a total duration of six years;** and authorizes the ICEO to take such other action as may be necessary to accomplish the intent of this vote.

BACKGROUND

The primary financial system, BS&A, was implemented at the start of GLWA’s operations in 2016. BS&A has a limited capacity for financial and budget reporting and does not meet GLWA’s ongoing business needs. Tagetik’s Financial Automation Solution was selected through an open competitive solicitation process with contract execution completed in March 2019 to improve our budgeting process and expand reporting capability. A contract amendment added enhanced reporting for accounts payable, purchase order, fixed asset, cash receipting, utility billing, cost of services, and administrative cost allocations. This system will be replaced with the new Workday Enterprise Resource Planning (ERP) system.

JUSTIFICATION

This amendment will enable GLWA to continue to use Tagetik as a reporting system until GLWA implements the new Workday (ERP) system. The go-live date for the financial and budgeting modules of Workday is currently estimated to take place in July 2024. Because the new system is not expected to be live until at least July 2024, this amendment is for additional licensing for a three (3) year term to provide GLWA with time to transition from Tagetik to its new ERP system.
