### **Contract No. 2203412 Consultant Services for Workday Project O&M**

**Agenda of:** September 28, 2022  
**Item No.:** **2022-403**  
**Amount:** \$2,781,472.00

**TO:** The Honorable  
Board of Directors  
Great Lakes Water Authority

**FROM:** Suzanne R. Coffey, P.E.  
Chief Executive Officer  
Great Lakes Water Authority

**DATE:** September 2, 2022

**RE:** **Contract No. 2203412**  
**Consultant Services for Workday Project**  
**Vendor: Slalom, LLC dba Slalom Consulting**

### **MOTION**

Upon recommendation of Jeffrey E. Small, Chief Information Officer, the Board of Directors (Board) of

the Great Lakes Water Authority (GLWA), authorizes the Chief Executive Officer (CEO) to **enter into Contract No. 2203412, “Consultant Services for Workday Project” with Slalom, LLC dba Slalom Consulting, at a cost not to exceed \$2,781,472.00 for a duration of three (3) years;** and authorizes the CEO to take such other action as may be necessary to accomplish the intent of this vote.

### **BACKGROUND**

After a robust solicitation and evaluation process, GLWA selected Workday (Contract No. 2000274-1) as our new Enterprise Resource Planning (ERP) system to replace BS&A (Financial) and Ceridian (HR) which were implemented during the GLWA startup period between January and March 2016. Alight Solutions LLC (Contract No. 2000274-2) was selected to implement the Workday solution and provide payroll processing services. These contracts were approved by the Board of Directors in February 2022.

It was expected that a successful implementation would encompass contractual services to support the effort and was budgeted accordingly. As the project progresses and staff has been working through new and competing priorities as well as staff vacancies, there is a need to augment our staff with project and subject matter expertise who will assist the project team with project scheduling, requirements, risk, and issue management. We have identified a consulting group (Slalom) with the requisite expertise in both project execution and the Workday system who provides a uniquely qualified resource previously engaged in earlier phases of the project.

### **JUSTIFICATION**

The Enterprise Program Manager on the Slalom team has previously worked with the Financial Services Administration (FSA) and IT Group for nearly 4 years on past projects. This individual served as primary Project Manager and spearheaded the requirements gathering for the RFP for the ERP and coordinated the evaluation and selection process of the Workday platform.

These past working relationships have allowed her to establish a strong rapport with GLWA teams and gain an in-depth knowledge of our organizational processes. She will need no lead time to get up to speed on our large-scale projects that are currently underway. Additionally, the Enterprise Program Manager will manage other resources that bring ERP/Workday expertise who will also serve on the ERP project under her direction.

### **FINANCIAL PLAN IMPACT**

**Summary:** Sufficient funds are provided in the financial plan for this contract.

**Funding Source:** Improvement & Extension (I&E)

**Cost Center(s):** Information Technology Business Productivity Systems  
(Centralized Services Cost Centers 883341 & 893341)

**Expense Type(s):** Contractual Professional Services (617903)

**Estimated Cost by Year and Related Forecast Variance:** See table below.
