RE: Proposed Amendment No. 1
Contract No. 2002946
Environmental Health and Safety Compliance Services
Vendor: NTH Consultants, Ltd.

MOTION

Upon recommendation of William M. Wolfson, Chief Administrative and Compliance Officer, the Board of Directors (Board) of the Great Lakes Water Authority (GLWA), authorizes the Chief Executive Officer (CEO) to **enter into Contract No. 2002946, Proposed Amendment No. 1, “Environmental Health and Safety Compliance Services” with NTH Consultants, Ltd., with no increase in cost for a total cost not to exceed \$2,000,000.00 and an increased duration of 1 year for a total duration of 3 years;** and authorizes the CEO to take such other action as may be necessary to accomplish the intent of this vote.

BACKGROUND

The Great Lakes Water Authority’s (GLWA) Enterprise Risk Management Safety group is committed to continuously improve environmental health and safety at GLWA and to increase environmental/occupational health and safety awareness for all GLWA, employees, visitors, contractors, and the communities surrounding our facilities. The current environmental safety contract (2002946) has expired after two years. This contract was for \$2 million over two years. At the end of the contract period, the spend was less than \$500,000.00 over the two-year period.

JUSTIFICATION

This proposed time extension will allow GLWA to continue providing environmental-occupational health and safety consulting, including response services, waste removal and disposal, and regulatory compliance assistance on an as-needed basis for one additional year. The Consultant’s response time for any emergency cleanup work shall be immediate and shall not exceed 24 hours, depending on the size and seriousness of the incident. The Consultant will assist in performing environmental compliance audits of various GLWA facilities, continue to develop and finalize Spill Prevention, Control, and Countermeasures (SPCC) plans, Pollution Incident Prevention (PIP) plans, Process Safety Management (PSM) plans, and Risk Management Plans (RMP) submittals. In addition, the vendor will provide or procure appropriate training by experienced instructors to GLWA personnel to maintain compliance with each plan’s requirements.
