To Whom It May Concern:

Oakland County developed an Intergovernmental Cooperative Purchasing Program called G2G Marketplace for use by Government Agencies/Participating Public Bodies (PPB) for the procurement of goods and/or services.

G2G Marketplace provides Government Agencies with an easy way to research and purchase goods and/or services with pre-negotiated blanket purchase agreements. This allows Government Agencies to utilize technology and services quickly with G2G Marketplace Vendors. The purpose of the program is to obtain lower cost for all participants by combining volumes, increasing purchasing power, and realizing efficiencies for procurement and contracts.

This letter confirms that Access Interactive was selected to provide goods and/or services through a competitive bidding process using generally accepted purchasing practice and guidelines with Oakland County, MI. To obtain documentation related to the Request for Proposal (RFP), please contact info@g2gmarket.com.

The PPB contract can be found on the G2G Marketplace Vendor's mini site at g2gmarket.com. Any Government Agency can purchase from the PPB contract and work directly with the vendor on terms, pricing and payment.

The Oakland County Purchasing Department and G2G Marketplace program are available to answer questions and provide documentation at info@g2gmarket.com.

Sincerely,

Scott Guzzy
