Upgrading wastewater treatment plants and addressing combined sewer overflows and urban stormwater 1985 - 2019, Cleveland spent 2.85 billion dollars, Milwaukee 3 billion dollars, Detroit 1.326 billion dollars. Technology wise, Cleveland and Milwaukee were state of the art, Detroit used outdated technology. This is the issue that GLWA has to address. Saulius Simoliunas, 665 W. Warren Ave, Detroit, MI 28201, saulius@ieee.org, 313 465 5786
