Vendor	Contact Name	Email Address	Explanation of No Bid Submittal
Brand Safway	Kyle Greenfield	kgreenfield@brandsafway.com	I had some health and family issues arise suddenly and wasn't able to make it to the job walk or reach out to any of the bidding contractors to see if our services would be needed.
OWL Services	Marcus Abdullah	Marcus.Abdullah@owlservices.com	Unfortunately we didn't have the manpower to support the scope and terms of this project.
Diamond Technical Services	Kiel R. Schuchert	kschuchert@diamondtechnicalservices.com	It was my intention to submit a bid but unfortunately, we had a surge in projects the past month and I had to be in the field to cover projects. I can I'm old school so myself and other managers will cover work if we are short on field technicians. Defiantly get some pricing over by EOB tomorrow if the opportunity is still available.
R.W. Mercer Co.	Craig Wilkinson	craig.wilkinson@rwmercer.com	We could not meet the requirements for weekly and monthly inspections with our company setup. We did however, partner with TSP to perform the UST inspections as part of their bid price.
Eco Fuel Services	Warren van Dongen	ecofuelservices@gmail.com	The contracts deliverable requirement is geared towards inspection software, and we do not use such software.
Graybar	Larry Vandenberg	Laurence.Vandenberg@graybar.com	I had an electrical contractor asking for pricing on this job. After reviewing the plans, I did not have anything that I could bid to them for this particular project.
