Re: Proposed Appointment of External Auditor Proposals

Background: After performing an evaluation of the written competitive proposals for external auditor, the GLWA Audit Committee interviewed three firms at its meeting on May 29, 2019. Subsequently, oral scores were tabulated, and staff began contract review with the highest scored proposer to close any open items prior to further consideration by the Audit Committee. At the time of writing this report (June 7, 2019), a few items remain that the Office of General Counsel is working with the highest scored firm to resolve. It is expected that all items will be resolved prior to the Special Audit Committee on June 12, 2019.

Analysis: The following is attached.

1. Draft Board Letter for June 12, 2019
2. Procurement Report
3. Tabulation of Scores and Fees
4. Declined Vendor Response Summary

Budget Impact: The proposed award is within the budget category as noted in the attached Board Letter.

Proposed Action: [Pending review by the Audit Committee] The Audit Committee recommends that the Board of Directors (Board) of the Great Lakes Water Authority (GLWA), authorizes a contract in an amount not to exceed Seven Hundred Five Thousand, Eight Hundred Eighty-Eight and 00/100 Dollars (\$706,888.00) which includes \$189,400 for the audit of the annual financial statements for FY 2019, \$195,296 for FY 2020, \$201,192 for FY 2021, \$21,000 allowance for costs for consent letters at \$7,000 per bond transaction, and \$100,000 for other technical services, between the GLWA and Baker Tilly Virchow Krause, LLP to serve as the External Auditor of the GLWA for a term of three (3) years, and authorizes the CEO to take such other action as may be necessary to accomplish the intent of this vote.

Financial Services Audit Committee Communication

Re: FY 2017 Shared Services True-Up Completion

Background: The Great Lakes Water Authority (GLWA) and the Detroit Water and Sewerage Department (DWSD) are parties to a Shared Services Agreement (the Agreement) dated December 1, 2015. This agreement provides the framework for shared services for the efficient operation of both entities.

On a monthly basis, an invoice is prepared based on an agreed upon annual budget. While the intent is for the monthly invoice to represent actual costs, the reality is that the timing of certain vendor invoices and accumulation of internal charges requires a “true-up” process. That being said, the intent is to condense the true-up timeline each fiscal year.

The Shared Service Agreement (Section 5.1) states that:

“Each invoice, whether for Services provided regularly or “as-needed,” shall itemize the costs and charges by Services provided under each Service Delivery Schedule and shall provide sufficient detail to the Subscribing Party to identify the Services performed and the basis for the charges. A Performing Party may only charge the Service Costs for Services provided.”

In addition, the parties have come to realize that an exact itemization generates a level of detailed analysis that is not cost effective to produce. The data and experience garnered from the first three years of the program are leading a more efficient method of calculating costs while staying true to the intent of Section 5.1 above.

Analysis: The Fiscal Year 2017 (FY 2017) Shared Services True-Up has been finalized. GLWA and DWSD teams have reviewed all costs for each Shared Service and an agreement has been reached.

Per the Agreement each team prepared a true-up analysis to calculate the proposed billings. For those Shared Services where there were differences, an amount was

negotiated to settle on a billing that was reasonable based on the documentation available and agreeable to by both parties.

In addition to the Shared Services outlined in the Agreement, there have been transition costs that continue. These are costs that were not stated in the Agreement, but the costs are shared by both entities. The DWSD and GLWA teams have reviewed all transition costs and have also come to an agreement.

There were two shared services where information was not available for either DWSD or GLWA from the City of Detroit when the exchange of true up information occurred. Attempts to obtain this information remain unanswered. The two services are DoIT-001 – Financial Information Services and DoIT-002 – Radios. For the FY 2016 true-up (6 months) this information was also not available. As part of the FY 2016 true-up GLWA paid DWSD \$75,000 for each service. If information becomes available for FY 2017, GLWA will pay the appropriate costs associated for these two shared services. Every attempt will be made to see if this matter can be resolved with the FY 2018 true-up in process.

RE: **Approval of FY2017 Shared Services and Transition Costs True-up between the Detroit Water and Sewerage Department and the Great Lakes Water Authority**

MOTION

Upon recommendation of Nicolette Bateson, Chief Financial Officer (CFO)/Treasurer and Randal M. Brown, General Counsel, the Board of Directors (Board) of the Great Lakes Water Authority (GLWA):

- 1) Authorizes GLWA's Chief Executive Officer (CEO), CFO and General Counsel to finalize, and the CEO execute on behalf of the GLWA, the FY2017 Shared Services and Transition Costs True-Up Agreement between the Detroit Water and Sewerage Department (DWSD) and the GLWA;**
- 2) GLWA and DWSD shall create at a minimum four (4) binders, including the FY2017 Shared Services and Transition Costs True-Up Agreement and**

supporting documentation. The binders shall be retained by both parties' CFOs and General Counsel and kept in their permanent storage; and

3) Authorizes the CEO to take such other action as may be necessary to accomplish the intent of this vote.

BACKGROUND

The concept of formation of a regional water authority arose as a part of the City of Detroit's Chapter 9 Bankruptcy. The formation of GLWA was discussed during mediation proceedings held as a part of the bankruptcy case. On June, 12, 2015, the City of Detroit and GLWA entered into a Regional Water Supply Lease, a Regional Sewage Disposal Lease (collectively the "Leases") and a Water and Sewer Services Agreement ("WSSA"). On January 1, 2016, the Leases and WSSA became effective and govern the relationship between GLWA and DWSD. In the course of operations, GLWA and DWSD determined that it would be in their mutual interest to provide certain services to each other. These services are provided pursuant to the Shared Services Agreement. Further, there were transition costs associated with the bifurcation.

The GLWA and DWSD have reviewed the costs for each Shared Service and Transition Costs and have come to a proposed agreement for the twelve months of provided Services. The final step for settlement of FY2017 is to secure GLWA Board and DWSD approval and for DWSD and GLWA to pay the amounts due to each other 30 days after execution of the "FY 2017 Shared Services and Transition Costs True-Up Agreement."

Shared Services

Section 5.1 of the Shared Services Agreement ("SSA") addresses invoices, in pertinent part, it states (emphasis added in bold):

Article 5.1 Invoices. The Parties shall engage, and share the costs of, a third-party to analyze the actual Service Costs ("Cost Analysis") of providing the City Services and the Authority Services for Fiscal Year 2015-2016 and each subsequent Fiscal Year. **If, based on this Cost Analysis: (a) the costs paid by a Subscribing Party¹ were greater than the costs of providing the Services, the Providing Party shall pay an amount equal to such cost variance to the Subscribing Party in the next Fiscal Year or as otherwise agreed to by the Parties; and (b) the costs paid by a**

¹ Subscribing Party means the Party that is receiving a Service from a Performing Party in supporting the transition of a Subscribing Party to transition to a new Service provider

Subscribing Party were less than the costs of providing the Services, the Subscribing Party shall pay an amount equal to such cost variance to the Providing Party in the next Fiscal Year or as otherwise agreed to by the parties...

Each invoice, whether for Services provided regularly or “as needed”, shall itemize the costs and charges by Services provided under each Service Delivery Schedule, and shall provide sufficient detail to the Subscribing Party to identify the Services performed and the basis for the charges. A Performing Party may only charge the Service Cost for Services provided. Neither Party may set-off any amount it owes to the Party on account of any amounts it may be owed by such party. Contract, material and other applicable Service Costs shall be billed at the contractual rates or third-party charges therefor.

The application of Section 5.1 has resulted in monthly estimated billings in accordance with the calculations from the SSA. The actual calculated Service Costs based upon a Cost Analysis have been agreed to by the Parties.

To date, payments have not yet been exchanged for FY 2017. It has been agreed to by both Parties to expedite the processing of the settlement by having both parties pay the amounts due to each other 30 days after execution of the “FY 2017 Shared Services and Transition Costs True-Up Agreement.”. The payments and acceptance of these payments will be considered as satisfaction of payment by both Parties. This is not deemed a set-off of other costs as noted in the SSA.

Per the SSA, the Parties, individually, prepared a true-up analysis to calculate the Service Costs. For those Services where there were differences, an amount was negotiated to settle on a Service Costs.

Transition Costs

In addition to the Shared Services outlined in the SSA, there have been transition costs associated with the stand-up of the Regional and Local System. The Parties have reviewed the transition costs for FY2017. Of the transition costs, the most significant are the Bank Fees (\$907,832) and the payment of Lakeshore Invoices (\$676,875). The Lakeshore contracts were assigned by the City to GLWA pursuant to Schedule E of the Regional Water Supply and Sewerage Disposal Leases between the City and GLWA (the “Leases”). However, Lakeshore had work to complete on the Local System after the stand-up. As such, DWSD needs to reimburse GLWA for Lakeshore’s work on the Local System. A breakdown of these and other transitions costs are attached.

In summary:

GLWA Provider True-Up Billings to DWSD \$12,455,776

DWSD Provider True-Up Billings to GLWA \$3,644,780

A “Schedule of True Up Billings” is attached in the “FY 2017 Shared Services and Transition Costs True-Up Agreement”, this schedule provides the details of the Performing Party’s Service Costs and the proposed agreement to the actual true-up costs.

Since the proposed agreement deviates from the monthly process outlined in the SSA and the Parties’ transition costs are also being resolved, it is recommended that GLWA’s Board approve the proposed agreement.

It should be noted that there were two shared services where information was not available for either DWSD or GLWA from the City of Detroit when the exchange of true up information occurred. Attempts to obtain this information remain unanswered. The two services are DoIT-001 – Financial Information Services and DoIT-002 – Radios. For the FY 2016 true-up (6 months) this information was also not available. As part of the FY 2016 true-up GLWA paid DWSD \$75,000 for each service. If information becomes available for FY 2017, GLWA will pay the appropriate costs associated for these two shared services. Every attempt will be made to see if this matter can be resolved with the FY 2018 true-up in process.

JUSTIFICATION

The GLWA and DWSD administrations wish to finalize the FY 2017 shared service and transition costs.

BUDGET IMPACT

The budget impact of the FY 2017 Shared Services and Transition Costs True-Up Agreement is outlined in the attached memorandum and supporting documentation. The FY 2017 Shared Services and Transition Costs True-Up Agreement does not adversely impact GLWA’s ability to perform its current and proposed financial plan.
