

Welcome to the January edition of *The Procurement Pipeline*, a monthly newsletter designed to provide updates on doing business with the Great Lakes Water Authority (GLWA).

GLWA's FY 2022 Annual Procurement Report

Each year, GLWA produces a report detailing all procurement activity for the last fiscal year. The [FY 2022 Annual Procurement Report](#), now available on the [GLWA Vendor Webpage](#), demonstrates how GLWA is a significant contributor to the regional economy of Southeast Michigan. For FY 2022, which spans July 2021 through June 2022, key report highlights include the following.

1. 235 contracts were awarded totaling \$536.3 million;
2. 3,259 purchase orders were executed, totaling \$377.6 million;
3. The total payment to vendors was \$455.1 million; and
4. Over 89% of all awarded purchase orders were connected to a formal contract.

The report also demonstrates GLWA's commitment to transparency in public procurement by including details such as awarded purchase orders and invoices processed for payment as well as the top ten GLWA projects, contracts, and vendors based on dollar amount. In addition, detailed appendices conclude the report which provide information on four subjects.

1. All contracts awarded, including contract number, vendor, and total amount of the contract;
2. All vendors awarded, including the contract number, the vendor, and the total amount of the contract;
3. All contracts invoiced; and
4. All vendor payments by invoice.

GLWA's mission is to exceed our member partners' expectations by providing water of unquestionable quality as well as efficient and effective wastewater services—but also, and importantly, to promote and support economic growth in the region we serve through our strategic sourcing practices.
