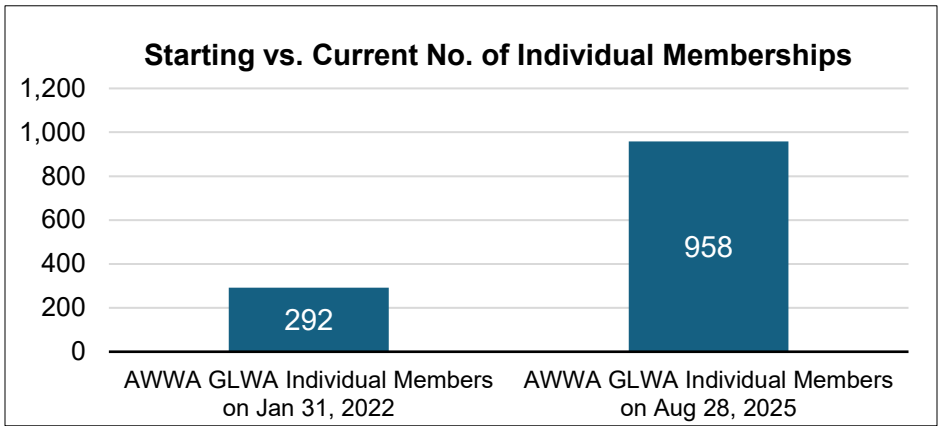
RE: **Response to Question on Membership Statistics relating to REQ-0006171 AWWA Utility Membership Agreement for GLWA and Its Member Partners**

This memorandum is in response to the question raised by Director Brian Baker at the September 10, 2025 Operations and Resources Committee Meeting regarding the number of members under the American Water Works Association (AWWA) Utility Membership Agreement with GLWA and its Member Partners.

GLWA is a member of AWWA at Grade 86 level, the largest sized grade available in the utility membership structure. GLWA's member partners range in size from small to large utilities. The comprehensive utility membership program with AWWA encompasses all member partners of GLWA and extends an AWWA membership to all employees of these partners within AWWA. The arrangement has been in effect since 2021.

Utility Membership Statistics as of August 28, 2025


1. Overall number of members: 958
2. Number of Member Partners participating: 115
