Great Lakes Water Authority  
735 Randolph Street, 15<sup>th</sup> Floor  
Detroit, Michigan 48226

To the Great Lakes Water Authority Audit Committee:

We are presenting, for your consideration, our comments and management recommendations which were identified during our audit of the financial statements of the Great Lakes Water Authority (Authority) for the year ended June 30, 2025.

This letter, by its nature, focuses on improvements and does not comment on the many strong areas of the Authority's systems and procedures. The comments and suggestions are not intended to reflect in any way on the integrity or ability of the personnel of Authority's operations. Additionally, this letter is meant to provide management with information which may be useful when considering operating enhancements to your operation and are provided in the spirit of advisory assistance. The comments in this report are not required as part of our annual audit but are offered only as a process to assist your operations.

### **Information Technology Overview**

The focus for the 2025 Information Technology (IT) review was to continue developing our understanding of the general computer control (GCC) environment at Authority and perform detailed tests as part of our annual audit of the financial statements. This document is intended to summarize the results of our review and provide any additional guidance regarding the IT environment at Authority.

The GCC review utilized the IT Risk Assessment Standards framework to obtain a more detailed understanding of the Authority IT control environment. As part of the GCC review, the following areas related to the IT function were reviewed:

- > Application changes
- > Database changes and access
- > Application and operating system access
- > Privileged access
- > Authentication
- > User account management, new and modified access
- > User account terminations
- > User access reviews
- > Backups
- > Job scheduling and interfaces
- > New systems implementations or significant changes to existing systems
- > IT Tools
