

## Appendix F Bid Schedule

The vendor will complete the Work and accept in full payment, for the Work items listed, the following unit prices and/or bid prices, as applicable.

Bidders are asked to provide the Great Lakes Water Authority up to 3 bids for the project. The work to be completed under this contract is the same for all 3 Bid Alternates, but the timeframe associated with completing the work is different for each alternate. Bidders may submit bids on 1, 2 or 3 of the Bid Alternates.

The Great Lakes Water Authority will review the bids associated with each Alternate with representatives from the Michigan Department of Transportation and will select the contractor who's bid on an alternate provides the best value.

Best value will be determined based on Price and Schedule as specified below.
