

# Financial Services Audit Committee Communication

**Date:** March 22, 2024

**To:** Great Lakes Water Authority Audit Committee

From: William Baker, Financial Management Professional, Construction Accounting &

Reporting

**Re:** FY 2024 Q2 Construction Work-in-Progress Report through December 31, 2023

(Unaudited)

**Background:** The quarterly construction work-in-progress (CWIP) provides information and analysis related to the execution of the Great Lakes Water Authority capital improvement program (CIP).

**Analysis:** The attached documents summarize the FY 2024 Q2 CWIP positions and provides a detailed snapshot to inform decision makers and stakeholders.

Proposed Action: Receive and file this report.

# Construction Work-in-Progress Quarterly Report (Unaudited)

As of December 31, 2023

#### March 22, 2024

#### To Our Stakeholders:

The contents of this report represent the financial presentation of construction work-in-progress activity for the Great Lakes Water Authority (GLWA) as of December 31, 2023. The information in this report presents a detailed snapshot and is important as we track the execution of the FY 2024–2028 Capital Improvement Plan (CIP) and look to inform decision makers as we evaluate the FY 2025–2029 CIP.

As we continue to refine this report to better communicate pertinent information to inform decision makers and stakeholders, content and formatting may be changed. With the summary of active projects now regularly being reported to the Capital Planning Committee the project highlights previously being reported have been removed from this report.

#### **Report Contents and Organization**

Construction Work-in-Progress (CWIP) Appendices: Includes breakdown by jurisdiction which provides a summary of the planned and actual project activity by the jurisdictions identified within the FY 2024 – 2028 Board Approved CIP Plan, detailed CWIP rollforward, which lists all projects in the CIP along with financial activity. These tables may be used to revisit priorities, workload, and phasing. In addition, this section contains project amendment summaries which consider the award of CIP contracts and the related execution thereof may result in deviations from the amount and timing of project activity. Project amendments are prepared to fund the related increase or decrease with either an adjustment to Capital Reserve or Program / Allowance accounts to amend the board approved fiscal year CIP accordingly and to inform decision makers in the development of future Capital Improvement Plans.

#### **Financial Information**

All project amounts are unaudited. This means that direct contractor costs are generally included in these totals with most pay estimates entered through December 31, 2023. There may, however, be some pay estimates that lag. The totals do not include indirect overhead.

#### **Budget vs. Plan**

Generally, GLWA's CIP projects span two or more fiscal years. The GLWA Board of Directors adopts a biennial "budget" and a five-year capital improvement "plan".

- ✓ The adopted **budget** relates to operations and maintenance expense, annual fixed commitments such as debt service, and incremental adjustments to reserves. The budget provides authority to spend within defined amounts. The budget is also referred to as the "revenue requirement" for the utility.
- ✓ After contracts are awarded at amounts variant from the CIP plan and more reliable anticipated spend data becomes available, the amended budget for the current fiscal year may increase or decrease by way of "Capital Reserve" budget amendments.
- ✓ The five-year capital improvement **plan** is a rolling plan that is updated at an administrative tracking level as projects move from estimated to actual bid numbers. An updated mid-cycle CIP would be presented to the Board for approval if the prioritization strategy was revised and/or the plan was in need of material revisions.
- ✓ In addition, the Board of Directors adopts a capital spending ratio assumption (SRA) which allows the realities of capital program delivery to align with the financial plan. The SRA is an analytical approach to bridge the total dollar amount of projects in the CIP with what can realistically be spent due to limitations beyond GLWA's control and/or delayed for nonbudgetary reasons. Those limitations, whether financial or non-financial, necessitate the SRA for budgetary purposes, despite the prioritization established.

### **Executive Summary**

The rate of spend is a key performance indicator. The development of the FY 2024-2028 and related CIP Plan for FY 2024 were based on anticipation of FY 2024 activity resulting in 100% of planned spend for the Water system and 100% of planned spend for the Wastewater system. In December the GLWA Board of Directors amended the Adjusted Capital Spending Ratio (SRA) to 94.0% for the Water system and 82.9% for the Wastewater system. These Adjusted Capital Spending Ratios will be revised with the upcoming Q2 FY2024 Budget Amendment Report

The Water System spend for the period ending December 31, 2023, is 69.5% of the FY 2024 board approved CIP, 86.7% of the FY 2024 board approved CIP with project amendments, 69.5% of the FY 2024 Approved Capital Spending Rate Assumption (SRA) and 73.9% of the FY 2024 Adjusted Capital Spending Rate Assumption (SRA). Detailed analysis of the projects for which FY 2024 Board Approved CIP was amended from \$239.3M to \$191.7M is provided in the subsequent Project Amendment Summary appendix of this report.

Water System Projects	FY 2023	FY 2023 Activity	FY 2023 Percentage	FY 2024	FY 2024 Prorated (Six Months)	(U	FY 2024 Activity naudited)	FY 2024 Percentage

FY 2024 Capital Spend Rate Assumption (SRA) - Adjusted				224.9	112.5		83.1	73.9%

## **Executive Summary (Continued)**

The Wastewater System spend for the period ending December 31, 2023, is 57.8% of the FY 2024 board approved CIP, 55.7% of the FY 2024 board approved CIP with project amendments, 57.8% of the FY 2024 Approved Capital Spending Rate Assumption (SRA) and 69.7% of the FY 2024 Adjusted Capital Spending Rate Assumption (SRA). Detailed analysis of the projects for which FY 2024 Board Approved CIP was amended from \$199.0M to \$206.5M is provided in the subsequent Project Amendment Summary appendix of this report.

Wastewater System Projects	FY 2023	FY 2023 Activity	FY 2023 Percentage	FY 2024	FY 2024 Prorated (Six Months)	(Ur	FY 2024 Activity naudited)	FY 2024 Percentage

#### Appendix A - Construction Work-in-Progress Rollforward Summaries by Jurisdiction

The purpose of the construction work-in-progress (CWIP) summary rollforward by jurisdiction is to provide a high-level overview of the financial status of the projects identified within the current board approved CIP by their jurisdiction. Within the FY 2024 – 2028 Board Approved CIP Plan, projects are identified and categorized as either City of Detroit, Wayne County - Outside Detroit, Lapeer County, Macomb County, Oakland County, Saint Clair County or Multiple Counties and reflected accordingly in this report.

**\$454.1** million is in CWIP as of December 31, 2023 as shown for the Water System in A1 - Water - CWIP Rollforward by Jurisdiction **\$320.8** million is in CWIP as of December 31, 2023 as show for the Wastewater System in A2 - Wastewater - CWIP Rollforward by Jurisdiction The order of these appendices on the subsequent pages are in ascending by jurisdiction alphabetically.

#### **Appendix B - Construction Work-in-Progress Rollforwards**

The purpose of the construction work-in-progress (CWIP) rollforward is to analyze the current year activity for each project in relation to the overall capital improvement program as well as the project portfolio overall.

As part of our project life cycle review the Construction Accounting team identifies when it is appropriate for projects to be capitalized. Projects are to be capitalized when they have been completed in totality or are inclusive of identifiable assets that have been placed in service. Capitalization of project cost occurred in the FY 2024 2nd quarter for the following projects:

<u>Project</u>	<u>Contract</u>	Description
211002	PC-795	Pump Station No. 2 Pumping Improvements
213007	CON-197	Modification to Incinerator Sludge Feed
216004	1802410	WRRF & PS2 Grit and Screening Rehab

**\$454.1** million is in CWIP as of December 31, 2023, as shown for the Water System in B1 - Water - Detailed CWIP Rollforward **\$320.8** million is in CWIP as of December 31, 2023, as shown for the Wastewater System in B2 - Wastewater - Detailed CWIP Rollforward

#### **Appendix C - Project Amendment Summaries**

The purpose of the Project Amendment Summary is to illustrate the amendments to the current fiscal year board approved CIP for each project with an amendment resulting from the use of allowance and program funding for a specific amount necessitated by contract award.

The award of CIP contracts and the related execution thereof may result in deviation from the amount and timing of planned spend. Acknowledging the aforementioned deviation, project amendments are prepared to fund the related increase or decrease either to or from the Capital Reserve to amend the current fiscal year board approved Capital Improvement Plan accordingly and to inform decision makers in the development of future Capital Improvement Plans. Similar to the project amendments prepared for the Capital Reserve, project amendments are also prepared for contracts that are planned or funded by way of the CIP Program and Allowance accounts. As additional contracts are awarded, and other project information becomes available additional project amendments to and from the Capital Reserve will be prepared to amend the board approved FY 2023 Capital Improvement Plan.

(\$47,513,500) of Capital Reserve project amendments have been prepared as of December 31, 2023, as shown for the Water System in C1 – Water FY 2023 Project Amendment Summary with project amendments detailing the assignment of funding within Program and Allowance accounts.

**\$7,490,800** of Capital Reserve project amendments have been prepared as of December 31, 2023, as shown for the Wastewater system in C2 – Wastewater FY 2023 Project Amendment Summary with project amendments detailing the assignment of funding within Program and Allowance accounts.

The order of these appendices on the subsequent pages are in ascending order by CIP project number.

As of December 31, 2023

## Great Lakes Water Authority C1 - Water System Project Amendment Summary Unaudited Activity For the Fiscal Quarter Ended December 31st, 2023

Project	Project Name	Capital Reserve	<b>Grand Total</b>
111006	Replace Instrumentation: LHWTP	999,000	999,000
114002	Springwells WTP Low and High Lift Improv	(500)	(500)
114017	SPW WTP Flocculator Drive Replacement	955,800	955,800
122004	96" Main Relocation, Isolation Valve Ins	(51,865,300)	(51,865,300)
122006	Transmission Work: Wick Road Parallel	373,500	373,500
122017	7 Mile/NV TM Rehab and Carrie/NV Flow CS	625,000	625,000
132010	Division Valves at West Service Center	(687,300)	(687,300)
132012	Ypsilanti Pumping Station Improvements	196,600	196,600
170500	Program: Transmission Valve Assessement	(1,616,600)	(1,616,600)
170503	Transmission System Valve Replacement Pa	2,869,900	2,869,900
170504	Repair of WTM, Valves, & Priority Repair	2,164,400	2,164,400
170802	Reservoir Inspection, Design	(1,528,000)	(1,528,000)
<b>Grand Total</b>		\$ (47,513,500) \$	(47,513,500)

As of December 31, 2023

## Great Lakes Water Authority C2 - Wastewater System Project Amendment Summary Unaudited Activity For the Fiscal Quarter Ended December 31st, 2023

Project	Project Name	Capital Reserve	<b>Grand Total</b>
211006	Pump Station #1 Main Lift Pumps Rehab	6,452,900	6,452,900
211007	Replacement of Bar Rack at Pump Station 2	496,200	496,200
216006	WRRF Yard Piping & Utility Rehab	(1,677,400)	(1,677,400)
216008	Rehabilitation of SFE Pump Station	488,600	488,600
260204	Eng Svcs for Rehab of Convey Sewer System	772,400	772,400
260207	Rehabilitation of Woodward Sewer System	494,800	494,800
260614	CSO Facilities - Structural Improvements	463,300	463,300
<b>Grand Total</b>		\$ 7,490,800	\$ 7,490,800
