Dear Team Members,

GLWA is committed to transparency in all aspects of the Authority's operations and counts on our team members to help ensure that we live up to this high level of accountability.

GLWA relies on you to do the right thing and speak up when you see or suspect illegal or unethical activities occurring in the workplace. If you *see something, say something!* It's critical that you report your concerns.

To assist in ensuring that all concerns are taken seriously and investigated, GLWA has engaged CallsPlus, an independent, around-the-clock report intake service. They can be called toll-free with complete privacy, 24 hours a day, seven days a week, 365 days a year.

There is an option to make your report anonymous. CallsPlus then forwards only the information necessary to GLWA for investigation and follow-up. All reports are handled in a prompt and discreet fashion, with no retaliation of any kind.

Call GLWA's Fraud and Ethics Hotline toll-free at 888-882-4592 (GLWA) or visit <https://glwa.callsplus.net/>.

In the case of an emergency, individuals should dial 9-1-1 followed by Security at (313) 964-9600.
