**Subject:** Public Comment to GLWA Board Meeting on August 28, 2019  
**Date:** Sunday, August 25, 2019 5:21:41 PM

---

GLWA, 1000 employee organization with billions of dollars in debt, on its facebook promotes myths about its performance, when it is using outdated technology. It is high time to abandon mythology and start modern technology to provide safe drinking water and adequate wastewater treatment. Saulius Simoliunas, 665 W.
