Memorandum

To: The Honorable Board of Directors

Thru: Cheryl Porter, COO – Water and Field Services

From: Todd King, Field Services Director

CC: GLWA Executive Leadership Team

Date: May 24, 2021

RE: GLWA-CON-149 Proposed Change Order 2 – Timeline for Replacement Contract

This memorandum is in response to discussion regarding Contract No. GLWA-CON-149 Proposed Change Order No. 2, the timeline for a replacement contract, at the May 12, 2021 Operations and Resources Committee Meeting.

GLWA has been working with AECOM to develop the technical scope of the replacement contract. It will be developed as two contracts with the first to be focused on comprehensive sewer repairs and the second to be focused on inspection and condition assessments. The timeline to complete the technical documents for the RFP is early summer, with advertisement by early fall, and onboarding of the selected contractor by the end of this calendar year.
