**Contract No. 1901555**  
**Snow Removal and De-icing Services**  
**Vendor: Premier Group Associates, LC**

### **MOTION**

Upon recommendation of Cheryl Porter, Chief Operating Officer - Water and Field Services, the Board of Directors (Board) of the Great Lakes Water Authority (GLWA), authorizes the Interim Chief Executive Officer (ICEO) to **enter into Contract No. 1901555 Proposed Amendment No. 1 “Snow Removal and De-icing Services” with Premier Group Associates, LC, with an increased cost of \$226,700.00 for a total cost not to exceed \$2,384,806.00 and no increase in duration for a total duration of two years plus two renewal options;** and authorizes the ICEO to take such other action as may be necessary to accomplish the intent of this vote.

### **BACKGROUND**

GLWA has multiple facilities that require snow removal and de-icing services, including but not limited to: GLWA office facilities and GLWA worksites, the five water treatment plants, treated water booster pumping stations, wastewater pumping stations, wastewater CSOs, and water resource recovery facilities. In April 2021, GLWA acquired a new warehouse facility located in Melvindale, MI. This facility is currently staffed and operating.

### **JUSTIFICATION**

The current contract for Snow Removal and De-Icing Services with PGA (Contract No. 1901555) must be amended to include the 5 acres at 19000 Rialto Drive, also known as the GLWA Rialto Warehouse. Proposed Amendment No. 1 adds this facility for \$26,700.00 and establishes an allowance of \$200,000.00 for any additional items during the term of this contract. This increases the contract amount through the contract period to cover the following:

- Snow removal from walks, steps, loading docks, equipment access, fire hydrants, fueling stations and parking areas
- De-icing of walks, steps, loading docks, equipment access, fueling stations and parking areas

These services assist GLWA in maintaining a safe environment for team members and operations.
