**RE: Proposed Amendment No. 4**

**Contract No. 1900702**  
**Grounds Maintenance Services**  
**Vendor: Premier Group Associates, LC**

#### **MOTION**

Upon recommendation of Cheryl Porter, Chief Operating Officer - Water and Field Services, the Board of Directors (Board) of the Great Lakes Water Authority (GLWA), authorizes the Chief Executive Officer (CEO) to **enter into Contract No. 1900702, Proposed Amendment No. 4, "Grounds Maintenance Services" with Premier Group Associates, LC, at an increased cost of \$338,795.00 for a total cost not to exceed \$4,144,404.08 and an increased duration of six (6) months for a total duration of four (4) years and six (6) months;** and authorizes the CEO to take such other action as may be necessary to accomplish the intent of this vote.

#### **BACKGROUND**

In 2019, Grounds Maintenance Services was competitively bid and awarded to Premier Group Associates, LC (PGA). In April 2021, the first renewal term was approved as was the addition of Rialto Warehouse property. In April 2022, the second renewal term was approved as was the addition of three (3) new Water Resource Recovery Facility (WRRF) properties. In August 2022, Amendment No. 3 was approved to increase the contract amount to the agreed upon rate increases. This Proposed Amendment No. 4 is to extend the current contract to January 14, 2024 (additional 6 months) beyond the current expiration date of July 14, 2023, to cover Grounds Maintenance requirements while a new RFB contract is in process.

#### **JUSTIFICATION**

Contract No. 1900702 is scheduled to expire on July 14, 2023. The RFB for new Grounds Maintenance Services is currently in process (RFB No. 2204058). There is risk that the new contract may not be in place prior to the expiration of the existing contract. Ground Maintenance Service requirements are highest during the summer months and the risk of not having services can significantly impact GLWA: security, public safety, regulations, access to facilities, and aesthetics. The purpose of this extension is to ensure continuity of service during the transition time to the new contract.
