

Welcome to the November edition of *The Procurement Pipeline*, a monthly newsletter designed to provide updates on doing business with the Great Lakes Water Authority (GLWA).

Procurement Tip of the Month: Utilizing GLWA's CIP and PMP Planning Documents

GLWA's Capital Improvement Plan (CIP) is a five-year planning document which identifies projects that support the continuation of major capital asset investments in GLWA's regional water and wastewater systems. Updated annually to reflect changing system needs, priorities, and funding opportunities, [GLWA's Board Approved Capital Improvement Plan for 2025-2029](#) is available on the [CIP page of GLWA's website](#).

Vendors reviewing GLWA's CIP documents may expect to find the following.

- ✓ A full listing of CIP projects for water, wastewater, and centralized services.
- ✓ Detailed one-page summaries on each project's purpose, status (whether in procurement, execution, or future planned), phases, scope of work, and cost estimations.
- ✓ Six additional informational appendices providing greater detail about projects, system background information, scoring evaluations, and [How to Navigate the CIP](#).

Vendors who regularly utilize the "Upcoming Solicitations" portion of the *monthly Procurement Pipeline* newsletter to prepare for future solicitation submissions will see, where applicable, CIP numbers listed next to certain projects. Vendors interested to know more about these upcoming projects may look up those CIP numbers in GLWA's CIP documents to review further details on projects they may be interested to pursue.

The CIP Project Management Plan (PMP)

The [CIP PMP Plan](#) establishes the business requirements, processes, and procedures used by

GLWA's CIP Delivery Team in executing CIP projects. This document includes detailed information on how projects are scheduled, budgeted, developed, and managed from start to finish, and is designed to help ensure that CIP projects are completed on time, within budget, and according to the highest quality standards. Vendors who have either been awarded a CIP project contract or who are interested to pursue one may review the PMP to gather insight on GLWA CIP projects as well as to better understand their role and responsibilities in contributing to a project's overall success.

Virtual Vendor Introduction Meetings

If you are interested in learning more about doing business with GLWA, contact us at GLWAVendorOutreach@glwater.org to schedule a virtual vendor introduction meeting. Topics include information on submitting a competitive bid or proposal to any GLWA solicitation.

Keeping up with GLWA

Our Chief Executive Officer (CEO) Monthly Report provides a wealth of information and news about important initiatives within GLWA's service territory that impact GLWA, its member partners, and the public. To read the October 2024 Monthly Report, please [click here](#).

What's Coming Down the Pipe?

Current Solicitations: Register in GLWA's [Bonfire Procurement Portal](#) for new solicitations and contract award information.

Upcoming Procurements: Next Three to Nine Months—See newsletter page 2.
