Subject: CIP Draft
Date: Thursday, October 30, 2025 12:26:21 PM

Good afternoon-

I reviewed the draft CIP Plan and have a question. How are the 56 untreated CSO outfalls being addressed? You are only allocating \$8171 to the Long Term CSO Control Plan and only through 2026 so how will any progress be made in reducing the amount of sewage being regularly discharged into our waterways?

Thank you

-Sally
