This email is a copy of an email sent to info@glwater.org and to Suzanne Coffey on February 21.

To the GLWA Board of Directors,

I am writing on behalf of the Highland Park Water Advocates, which is a network of residents who have been supporting the mediation process between the city and GLWA. We are sponsoring a Community Conversation to help residents understand the new agreement with GLWA and proposed state-wide water affordability plans. The Community Conversation is celebrating World Water Day and will be held on March 22nd from 6-9 p.m. at Faith Tabernacle Church located at 16548 Hamilton, Highland Park.

We invite a board member or a staff person to join the conversation which will be in the form of a panel discussion. The panel includes representatives from the governor's office, our state legislators, Mayor Glenda McDonald, Damon Garrett, HP Water Department Director, THAW and Wayne Metro Community Action Agency. Everyone is confirmed except the GLWA representative.

Please see the attached flyer which is being mailed to every Highland Park household. Your response to this email would be greatly appreciated. We look forward to GLWA joining the discussion.
