Re: Grants, Gifts, and Other Resources Report through January 31, 2023

Background: The Great Lakes Water Authority (GLWA) delegated authority to the Chief Executive Officer to oversee and report on activities identified in the GLWA Articles of Incorporation related to solicitation and receipt of grants, gifts, and other resources as stated in Article 4 – Powers, Section B (4):

(4) Solicit, receive, and accept gifts, grants, labor, loans, contributions of money, property, or other things of value, and other aid or payment from any federal, state, local, or intergovernmental government agency or from any other person or entity, public or private, upon terms and conditions acceptable to the Authority, or participate in any other way in a federal, state, local, or intergovernmental government program.

Other resources in this context refer to labor, contributions of money, property, or other things of value from any other person or entity, public or private with the exception for loans, subject to provisions of the GLWA Board Debt Management Policy, and Intergovernmental agreements and other activities that are addressed in the GLWA Board Procurement Policy.

Participation in any other way in a federal, state local, or intergovernmental government program includes participation in research projects at universities.

Refer to the Grants, Gifts, and Other Resources Delegation Policy at [Grants, Gifts, and Other Resources Delegation Policy - GLWA \(glwater.org\)](https://www.glwwater.org).

Analysis: To ensure transparency and timely communication, this report is provided to the Board, no less than quarterly, documenting activities subject to the policy. The report will, at a minimum, include description, type of activity, dollar amount, compliance and/or performance requirements, if any, and status including, at a minimum, solicitation, acceptance, and close-out.

Bolded items in the attached tables reflect changes from the prior report.

Highlights of this quarter's report includes the following.

- ✓ Building Resilient Infrastructure Communities (BRIC) - GLWA applied for the maximum award amount of \$50 million to support the Oakwood District Intercommunity Relief Sewer Modification at Oakwood District. This purpose of this project is to implement the 2020 Wastewater Master Plan's recommended relief connection from the Northwest Interceptor to the Oakwood pump station.
 - The application was completed on January 19, 2023, through the Federal Emergency Management Agency (FEMA). If awarded, GLWA would need to contributed matching funds of \$21 million towards the project. A FEMA decision regarding this grant is expected in the fall of 2023.
- ✓ Renewable Energy Research and Development - GLWA applied for a \$1.9 million Renewable Energy Research and Development Grant through the Department of Energy (DOE) focused on converting organic wet waste to transportation fuels. Of the \$1.9 million applied for, \$1.5 million would be funded by the DOE, \$295 thousand would be matched by GLWA, and \$80 thousand would be matched by a sub-recipient. The application is under final review as GLWA and DOE complete discussions regarding project scope and budget.

This report presents the Grants, Gifts, and Other Resources across three tables.

Table 1 - Grant Submissions reflects open FY 2020, FY 2021, FY 2022 submissions, and FY 2023 submissions to date. The summarized activity provided identifies five programs with seven reimbursement requests and two new applications.
